

COURANT GROUP

13.2 TONNES OF CO₂

Courant group has offset 13.2 tonnes of CO₂.

The offsetting happens through measurable carbon reductions, verified by the strictest industry standards. Courant group supports our portfolio of hand-picked high-quality projects.

Additional to the offsetting, Courant group is planting 198 trees in the Climaider forest in Madagascar.

Through these projects, Courant group contributes to the UN's SDG no. 13, Climate Action, as well as several other SDGs.

This certificate was issued on March 24th, 2022.
